Disclaimer

This investor presentation (this "Presentation") is for informational purposes only to assist interested parties in making their own evaluation with respect to the proposed business combination (the "Business Combination") between Oaktree Acquisition Corp. ("OAC") and Hims, Inc. (the "Company"). The information contained herein does not purport to be all-inclusive and none of OAC, the Company or their respective affiliates makes any representation or warranty, express or implied, as to the accuracy, completeness or reliability of the information contained in this Presentation.

This Presentation does not constitute (i) a solicitation of a proxy, consent or authorization with respect to any securities or in respect of the proposed Business Combination or (ii) an offer to sell, a solicitation of an offer to buy, or a recommendation to purchase any security of OAC, the Company, or any of their respective affiliates. You should not construe the contents of this Presentation as legal, tax, accounting or investment advice or a recommendation. You should consult your own counsel and tax and financial advisors as to legal and related matters concerning the matters described herein, and, by accepting this Presentation, you confirm that you are not relying upon the information contained herein to make any decision.

The distribution of this Presentation may also be restricted by law and persons into whose possession this Presentation comes should inform themselves about and observe any such restrictions. The recipient acknowledges that it is (a) aware that the United States securities laws prohibit any person who has material, non-public information concerning a company from purchasing or selling securities of such company or from communicating such information to any other person under circumstances in which it is reasonably foreseeable that such person is likely to purchase or sell such securities, and (b) familiar with the Securities Exchange Act of 1934, as amended, and the rules and regulations promulgated thereunder (collectively, the "Exchange Act"), and that the recipient will neither use, nor cause any third party to use, this Presentation or any information contained herein in contravention of the Exchange Act, including, without limitation, Rule 10b-5 thereunder.

This Presentation and information contained herein constitutes confidential information and is provided to you on the condition that you agree that you will hold it in strict confidence and not reproduce, disclose, forward or distribute it in whole or in part without the prior written consent of OAC and the Company and is intended for the recipient hereof only.

Forward-Looking Statements

Certain statements in this Presentation may be considered forward-looking statements. Forward-looking statements generally relate to future events or OAC's or the Company's future financial or operating performance. For example, projections of future EBITDA, revenue and other metrics are forward-looking statements. In some cases, you can identify forward-looking statements by terminology such as "may", "should", "expect", "intend", "will", "estimate", "anticipate", "believe", "predict", "potential" or "continue", or the negatives of these terms or variations of them or similar terminology. Such forward-looking statements are subject to risks, uncertainties, and other factors which could cause actual results to differ materially from those expressed or implied by such forward looking statements.

These forward-looking statements are based upon estimates and assumptions that, while considered reasonable by OAC and its management, and the Company and its management, as the case may be, are inherently uncertain. Factors that may cause actual results to differ materially from current expectations include, but are not limited to: (1) the occurrence of any event, change or other circumstances that could give rise to the termination of negotiations and any subsequent definitive agreements with respect to the Business Combination; (2) the outcome of any legal proceedings that may be instituted against OAC, the combined company or others following the announcement of the Business Combination and any definitive agreements with respect thereto; (3) the inability to complete the Business Combination due to the failure to obtain approval of the shareholders of OAC, to obtain financing to complete the Business Combination or to satisfy other conditions to closing; (4) changes to the proposed structure of the Business Combination that may be required or appropriate as a result of applicable laws or regulations or as a condition to obtaining regulatory approval of the Business Combination; (5) the ability to meet stock exchange listing standards following the consummation of the Business Combination; (6) the risk that the Business Combination disrupts current plans and operations of the Company as a result of the announcement and consummation of the Business Combination; (7) the ability to recognize the anticipated benefits of the Business Combination, which may be affected by, among other things, competition, the ability of the combined company to grow and manage growth profitably, maintain relationships with customers and suppliers and retain its management and key employees; (8) costs related to the Business Combination; (9) changes in applicable laws or regulations; (10) the possibility that the Company or the combined company may be adversely affected by other economic, business, and/or competitive factors; (11) the Company's estimates of expenses and profitability; (12) the limited operating history of the Company; (13) technological and regulatory developments affecting the Company's industry; (14) the ability of the Company to add new patient members and providers to its platform; (15) the ability of the Company to successfully expand its platform and increase addressable markets; (16) the ability of the Company to maintain and enhance its reputation, brand recognition and business, along with the security and reliability of its platform; and (17) other risks and uncertainties set forth in OAC's Annual Report on Form 10-K for the fiscal year ended December 31, 2019.

Nothing in this Presentation should be regarded as a representation by any person that the forward-looking statements set forth herein will be achieved or that any of the contemplated results of such forward-looking statements will be achieved. You should not place undue reliance on forward-looking statements, which speak only as of the date they are made. Neither OAC nor the Company undertakes any duty to update these forward-looking statements.

Disclaimer (cont'd)

Non-GAAP Financial Measures

This Presentation includes certain financial measures not presented in accordance with generally accepted accounting principles ("GAAP") including, but not limited to, EBITDA. These non-GAAP financial measures are not measures of financial performance in accordance with GAAP and may exclude items that are significant in understanding and assessing the Company's financial results. Therefore, these measures should not be considered in isolation or as an alternative to net income, cash flows from operations or other measures of profitability, liquidity or performance under GAAP. You should be aware that the Company's presentation of these measures may not be comparable to similarly-titled measures used by other companies.

The Company believes these non-GAAP measures of financial results provide useful information to management and investors regarding certain financial and business trends relating to the Company's financial condition and results of operations. The Company believes that the use of these non-GAAP financial measures provides an additional tool for investors to use in evaluating ongoing operating results and trends in and in comparing the Company's financial measures with other similar companies, many of which present similar non-GAAP financial measures to investors. These non-GAAP financial measures are subject to inherent limitations as they reflect the exercise of judgments by management about which expense and income are excluded or included in determining these non-GAAP financial measures. Please refer to footnotes where presented on each page of this Presentation or to the appendix found at the end of this presentation for a reconciliation of these measures to what the Company believes are the most directly comparable measure evaluated in accordance with GAAP.

This Presentation also includes certain projections of non-GAAP financial measures. Due to the high variability and difficulty in making accurate forecasts and projections of some of the information excluded from these projected measures, together with some of the excluded information not being ascertainable or accessible, the Company is unable to quantify certain amounts that would be required to be included in the most directly comparable GAAP financial measures without unreasonable effort. Consequently, no disclosure of estimated comparable GAAP measures is included and no reconciliation of the forward-looking non-GAAP financial measures is included.

Use of Projections

This Presentation contains financial forecasts with respect to the Company's projected financial results, including Revenue and EBITDA, for the Company's fiscal years 2020 through 2022. The Company's independent auditors have not audited, reviewed, compiled or performed any procedures with respect to the projections for the purpose of their inclusion in this Presentation, and accordingly, they did not express an opinion or provide any other form of assurance with respect thereto for the purpose of this Presentation. These projections should not be relied upon as being necessarily indicative of future results. The assumptions and estimates underlying the prospective financial information are inherently uncertain and are subject to a wide variety of significant business, economic and competitive risks and uncertainties that could cause actual results to differ materially from those contained in the prospective financial information. Accordingly, there can be no assurance that the prospective results are indicative of the future performance of the Company or that actual results will not differ materially from those presented in the prospective financial information. Inclusion of the prospective financial information in this Presentation should not be regarded as a representation by any person that the results contained in the prospective financial information will be achieved.

Industry and Market Data

In this Presentation, OAC and the Company rely on and refer to certain information and statistics obtained from third-party sources which they believe to be reliable. Neither OAC nor the Company has independently verified the accuracy or completeness of any such third-party information.

Additional Information

OAC intends to file with the Securities and Exchange Commission (the "SEC") a Registration Statement containing a proxy statement/prospectus relating to the proposed Business Combination, which will be mailed to its shareholders once definitive. This Presentation does not contain all the information that should be considered concerning the proposed Business Combination and is not intended to form the basis of any investment decision or any other decision in respect of the Business Combination. OAC's shareholders and other interested persons are advised to read, when available, the preliminary proxy statement/prospectus and the amendments thereto and the definitive proxy statement/prospectus and other documents filed in connection with the proposed Business Combination, as these materials will contain important information about the Company, OAC and the Business Combination. When available, the definitive proxy statement/prospectus and other relevant materials for the proposed Business Combination will be mailed to shareholders of OAC as of a record date to be established for voting on the proposed Business Combination. Shareholders will also be able to obtain copies of the preliminary proxy statement/prospectus, the definitive proxy statement/prospectus and other documents filed with the SEC, without charge, once available, at the SEC's website at www.sec.gov, or by directing a request to: Oaktree Acquisition Corp., 333 South Grand Avenue, 28th Floor, Los Angeles, California.

Participants in the Solicitation

OAC and its directors and executive officers may be deemed participants in the solicitation of proxies from OAC's shareholders with respect to the proposed Business Combination. A list of the names of those directors and executive officers and a description of their interests in OAC is contained in OAC's Annual Report on Form 10-K for the fiscal year ended December 31, 2019, which was filed with the SEC and is available free of charge at the SEC's web site at www.sec.gov, or by directing a request to Oaktree Acquisition Corp., 333 South Grand Avenue, 28th Floor, Los Angeles, California. Additional information regarding the interests of such participants will be contained in the proxy statement/prospectus for the proposed Business Combination when available.

The Company and its directors and executive officers may also be deemed to be participants in the solicitation of proxies from the shareholders of OAC in connection with the proposed Business Combination. A list of the names of such directors and executive officers and information regarding their interests in the proposed Business Combination will be included in the proxy statement/prospectus for the proposed Business Combination when available.

Note: hims & hers projections are before contribution of recently launched and soon-to-be-launched business lines; Teladoc and Livongo are illustrated on a pre-combination basis

1. 2021E gross profit growth for One Medical is not meaningful given the depressed state of 2020 financials due to COVID-19; 2. GoodRx estimates based on Renaissance Capital projections; 3. Based on pro forma hims & hers equity value and enterprise value

**OAC
investment
thesis**

- 1 Purpose-built platform and brand with a massive opportunity**
- 2 Highly engaged and recurring patient base**
- 3 Attractive financial profile with visible path to profitability**
- 4 Visionary founder with experienced management team**
- 5 Compelling deal framework with strong rollover partners**
- 6 Highly attractive valuation relative to peers**

A close-up photograph of a person's face, focusing on the eye and cheek area. A hand is visible on the left side, applying a white cream or lotion to the person's cheek. The person's eye is visible in the upper right, and their nose is in the lower center. The lighting is soft and natural, highlighting the texture of the skin and the cream.
